Child & Family Services

# Impact Report

20  
24

## Dear Friends and Supporters,

As we reflect on a year of impact and collaboration, we want to express our deep gratitude to you. Your support has been a driving force behind the positive change we are creating in our communities. As a result of our engagement with each other, we stepped forward together into the future by innovating our brand and mission and improving how we work to see the greater impact on the community. This past year, the community has taught us that having greater access to services and information means more significant outcomes for change. Breaking ground and developing a new resource center in South Modesto, expanding our partnerships and referrals in Merced County, and expanding access for youth across five counties at our Non-Public School are all great steps towards our vision for a healthy community.

This past year has been all about setting up foundational changes for services and support that result in lasting impact for others. We continue to grow in holistic services and support, learning and listening to our community needs. The stories of lives touched and transformed continue to fuel our passion, and your partnership and encouragement continue to inspire us toward innovation and excellence.

In 2025, we will continue to see the funding and service landscape shift as we move further away from the COVID years. Yet, the needs that drive youth and families to our services continue to grow. We look forward to continuing to chart this course with you as we work diligently to cultivate lasting change for youth, families, and communities. We are excited about 2025 and are encouraged to see the residents, the nonprofit sector, the government, and businesses all working closely together to build a brighter future for all.

Thank you for being such an essential part of this journey with us!

Sincerely,

**Andrew Timbie**

# South Modesto Wellness Center Lasting Change

## Thank You to our Corporate Partners

We are deeply grateful for our corporate partners' incredible generosity and dedication. Their support—through donations, volunteering, and advocacy—has helped us provide important resources and services to youth, families, and individuals facing tough times. Thanks to each of them, we can reach more people, create innovative programs, and offer essential mental health and educational support to those who need it most.

We cannot thank our corporate sponsors for truly championing our mission. Together, we are making a real difference in our communities by supporting youth and families. Together, we are transforming lives, creating opportunities, and fostering hope.

Sierra Vista Child & Family Services is proud to introduce the South Modesto Wellness Center, a welcoming space where youth and families can access essential resources, mental health support, and opportunities—all under one roof. For too long, this community has faced barriers to vital services such as healthcare, job training, and education. This new center is a step toward closing those gaps and fostering lasting change.

By collaborating with public and private partners, the Wellness Center brings comprehensive care directly to the community, improving health outcomes and expanding opportunities. Access to care is a right, not a privilege, and this center is built on that belief.

"This is more than just a building. We hope this is a new way to look at our service delivery infrastructure and create a healthy community connected to quality resources," said Andrew Timbie, CEO of Sierra Vista Child & Family Services. "We are excited to partner with the people of South Modesto to create a space where families can thrive."

**Family-Focused:** Services are designed to meet individual needs in a flexible, family-focused, and culturally sensitive environment.

**Strength-Based Approach:** Services are designed to be unique to each individual and draw on their strengths to help them reach their goals.

**Localized Collaboration:** Operating as a community hub, the South Modesto Wellness Center will foster connections among families and local community resources.

# Youth & Family Services

Compassionate support for every youth and family in our community.

## Intensive Community Support (ICS)

Our ICS program offers vital mental health services to youth ages 0 to 21, including therapy, crisis intervention, and case management. Referrals come from schools, parents, and community partners, ensuring youth and families can access personalized services such as individual and family therapy, case management, rehabilitation, medication support, and crisis intervention.

Sierra Vista bridges this gap by serving Medi-Cal-eligible families, promoting resilience and well-being in homes, schools, and communities.

## Behavioral Health Services Team (BHST)

BHST provides critical mental health services to youth (0-21) on Medi-Cal in Stanislaus County, offering assessment, treatment, and crisis support. Referrals come from schools, caregivers, and community partners. BHST offers an Assertive Community Treatment (ACT) level of care, which provides 24-hour support to families as needed.

Our team provides thousands of hours of therapy, crisis stabilization, and case management services each year. Addressing mental health early, we help youth improve school performance, strengthen family relationships, and develop coping skills that lead to long-term well-being and success.

## LIFE Path (Lasting Independence and Family Empowerment)

Our LIFE Path program empowers youth and young adults (14-25) experiencing early psychosis to reclaim their goals through effective treatment and family support. With early intervention, recovery is possible—highlighting the critical role of programs like LIFE Path in transforming lives and fostering independence.

## Short-Term Residential Therapeutic Program

Our Short-Term Residential Therapeutic Program (STRTP) provides 24-hour, specialized care for youth ages 6-13 facing emotional and behavioral challenges. Located in a family-oriented neighborhood, our home offers a safe and nurturing environment where youth receive tailored therapy, crisis intervention, and medication support.

STRTP helps some of the most vulnerable youth in our community heal and grow. Each child receives individualized care, building confidence and emotional resilience to transition to a home-based setting successfully. We empower youth to envision and achieve a brighter future through behavioral and culturally responsive support.

## Enhanced Care Management

Enhanced Care Management (ECM) partners with local health plans to provide coordinated, person-centered care for individuals with complex medical and social needs. Through comprehensive, community-based support, ECM improves health outcomes and quality of life. By coordinating care across medical, mental health, and social services, we help families access the resources they need for stability and wellness.

When our ECM staff first met a new client, she and her husband slept in the park—sometimes in the bushes or under picnic tables. She had a serious leg wound that wasn't being treated, and their children were staying with others, separated from them.

That was in June 2024. Today, their family is reunited, her infection has healed, and they are working toward stability. They're staying at a local homeless shelter and hotels while we help them secure permanent housing. Her husband has also joined our program, receiving medical care, including dental and vision services, and access to needed prescriptions.

This family has come such a long way in just a few months. They still have challenges ahead, but they're no longer just surviving—they're rebuilding. Their journey reminds us why we do this work: to help people find their way back to hope, health, and home.

- Kimberly Nicholson, ECM Community Health Worker

In 2024  
2,056 youth  
& families  
received care.

# Merced County Programs

Enhancing the health, education, and well-being of youth and families.

Every day, our programs support youth and families in Merced County through school-based counseling, mental health services, and family support. We bridge critical gaps in care, helping individuals build resilience and thrive.

## Counseling Services & Prevention Services

Through [Carelton Behavioral Health Strategies](#), in partnership with the Central California Alliance for Health, we provide outpatient counseling for those facing mild to moderate mental health challenges, ensuring access to essential care.

Our [Enhanced Care Management \(ECM\)](#) program connects families with complex medical and social needs to health services, housing assistance, and mental health resources, helping them navigate healthcare.

[Road to Resiliency \(R2R\)](#) supports pregnant women with substance use histories and mothers of substance-exposed infants. Our Navigators connect them to health services, education, and resources, empowering them to build healthier futures.

In 2024  
**1,893 youth & 1,277 families**  
represented.

## School-Based Services

We collaborate with the Merced County Office of Education and Merced Community Action Agency to provide [free or low-cost early childhood services at 25 sites through State Preschool and Head Start programs](#).

Through [iMatter](#), we equip kindergarten-12th grade students with social-emotional skills, helping them manage emotions, reduce aggression, and build confidence. Our efforts include [bullying prevention and mental health awareness at 13 schools, reaching over 3,000 residents](#).

### Impact Highlights

- 87% saw improved classroom environments
- 100% saw improved parenting skills
- 87% saw improved child behaviors

*"Students are given another trusted adult to confide in, providing them a safe space to express their emotions. They are excited to attend and look forward to it."*

**- School Administrator**

In schools throughout Merced County, our [Therapeutic Intervention Program \(TIP\)](#) provides in-school counseling, ensuring students have access to mental health support when they need it most.

# Adult Services

Promoting a balanced, healthy, and safe life.

In 2024  
First Step  
Substance Abuse  
Treatment Program  
supported **98 women and 50 children**.

In 2024  
Adult &  
Community  
Services helped  
**615 adults**.

## Adult & Community Services

Our program provides individual and family counseling services focused on child safety, permanency and stability, child well-being, and family well-being to keep youth in their homes or reunify them with their parents. Adult & Community Services provides parenting groups that teach methods to prevent and break the cycle of family violence, anger management, and parenting education focused on identifying the development and emotional needs of the child.

## First Step Substance Abuse Treatment Program

The First Step Substance Abuse Treatment Program aims to assist women in maintaining a drug and alcohol-free lifestyle. First Step provides gender-specific substance use treatment. Women are taught skills to develop and maintain healthy interpersonal relationships and provide safe, sober, and nurturing homes for themselves and their families. In the perinatal portion of the program, First Step provides parent education that teaches mothers positive parenting skills while their children (0-5 years of age) are in our Child Development Center staffed with early education professionals for childcare for mothers participating in First Step services.

# Family Resource Centers

*Partnering with local neighborhoods to cultivate growth and transformation.*

At Sierra Vista Child & Family Services, our **Family Resource Centers (FRCs)** are dedicated to enhancing the well-being of youth and families throughout Stanislaus County. We provide accessible programs, services, classes, and support groups to foster personal growth and community wellness.

Our FRCs are conveniently located across Stanislaus County, including West Modesto, Hughson, North Modesto, South Modesto, and Waterford. Each center is a safe space for individuals and families to access resources and support.

By working hand in hand with local communities, we are building a brighter and more hopeful future for the youth and families we serve.

## **Our Key Services Include:**

**Case Management:** Our case managers, staff, and Promotoras act as liaisons between healthcare providers and community members, ensuring residents receive the medical services they need.

**Mental Health Counseling:** We offer assessments and individual and family counseling to eligible youth and adults, addressing various mental health needs.

**Community Referrals:** Our centers connect individuals to essential services such as housing assistance, food, diapers, support groups, prenatal care, medical services, and counseling.

**Parent Education Support Groups:** Available in both English and Spanish, these groups cover topics like positive discipline, managing challenging behaviors, school readiness, and child development. Simultaneously, youth can participate in social skills groups.

**Health Education & Outreach:** We provide fitness and nutrition classes, assistance with insurance enrollment and CalFresh applications, and organize community health fairs to promote overall wellness.

**Family Literacy and School Readiness:** Our activities prepare youth and parents for educational success, including family literacy programs and English as a Second Language classes.

**Youth Assessment Center (YAC):** Aimed at preventing youth from entering the justice system, YAC employs restorative justice practices and connects young individuals to resources that promote resilience and positive community involvement.

**Clothes Closet:** We provide clothing for youth and parents, including attire suitable for those re-entering the workforce. Access is determined on a case-by-case basis and is available by appointment.

In 2024  
**8,460 individuals**  
impacted,  
representing **2,257**  
**families.**

"Before connecting with Sierra Vista Child & Family Services, navigating local resources felt overwhelming. Finding the right services and understanding how to access them was a constant struggle for my family. But everything changed with the guidance and support of the Promotoras at one of their Family Resource Centers. They helped us access the needed resources, making the process easier and more reliable. I am incredibly grateful for this support—it has changed our lives."

# Sierra Vista Mentoring Program

*Creating a Culture of Mentorship for Our Youth*

The **Sierra Vista Mentoring Program** connects mentors, students, educators, businesses, and community leaders to create a culture of mentorship. By providing training and resources, the program empowers volunteers to serve as advocates and role models for youth in our community. Partnering with six elementary schools in the Modesto City Schools District, the program fosters meaningful relationships that inspire students to succeed.

Mentors dedicate one hour per week to meet with their mentees at school, focusing on building trust and supporting social and academic growth. These relationships are critical in improving students' confidence, resilience, and overall school experience. Having a mentor can significantly enhance a child's potential, offering them the guidance and encouragement they need to thrive.

## Why Mentorship Matters

- According to Mentor National's research, students with mentors are 55% more likely to enroll in college.
- In Stanislaus County, where 20% of youth live below the poverty line, programs like ours ensure every student has someone who believes in their success.

Our mentors do more than teach; they provide a safe space for their mentees. By offering unwavering encouragement, they help students build confidence, set goals, and envision brighter futures. Together, we are shaping a community where every child knows they have the support to thrive.

In 2024  
115 youth  
mentored by  
50 adults.

# Kirk Baucher Non-Public School

*Where Every Student Thrives*

The **Kirk Baucher Non-Public School** provides specialized education for kindergarten through eighth-grade students from public school systems in Merced, Stanislaus, and San Joaquin Counties. We work closely with local school districts to deliver tailored training in therapeutic crisis intervention, supporting each student's Individual Education Plan (IEP) in a therapeutic school environment.

Our specialized setting offers individualized education services, social skills development, behavior management, crisis intervention, family support, and one-on-one mental health services. These essential services are delivered within an acute therapeutic care setting, which is vital for our program.

Education plans are customized to meet the specific needs of each student in kindergarten through eighth grade. We conduct comprehensive academic assessments, provide a specialized curriculum for students with learning disabilities (including those on the autism spectrum), and offer vocational education, crisis intervention, an activity program, and social work services to engage families in the treatment plan.

**70% of 8th graders from Kirk Baucher Non-Public School successfully transitioned back into public schools.**

In 2024  
106 students  
were enrolled  
in our school.

# Committed to Caring, Dedicated to Giving

Supporting Sierra Vista's vital impact in our community for over 30 years –Winton-Ireland, Strom & Green Insurance Agency.

"For over 30 years, we have proudly supported Sierra Vista Child & Family Services in their vital mission to uplift and empower youth, families, and individuals in need. Their unwavering commitment to providing life-changing programs and compassionate care has transformed countless lives, and we are honored to stand beside them as partners and champions of their cause.

Each year, we take immense pride in bringing their annual golf fundraiser to life, knowing that it directly fuels the essential resources they offer to our community. The heart and impact of Sierra Vista are truly unmatched, and our shared dedication to service and outreach makes this partnership one we deeply cherish. We eagerly anticipate many more years of collaboration with this extraordinary organization—together, we are making a meaningful difference."

## Michelle Finch

"Since 2014, I have supported, volunteered, and mentored with Sierra Vista, dedicating my time to helping raise funds and making a direct impact by mentoring elementary students. I first met the staff during a community event and was deeply impressed by their programs, which inspired me to get involved. As I became more engaged, I witnessed firsthand how these programs truly address the community's needs. Seeing the mentoring program grow over the years and its transformative impact on students was eye-opening. I realized that dedicating just one hour a week could change a child's life.

I have been mentoring my current mentee for four years. I was excited to meet him when he was in first grade, but unfortunately, he was suspended during our first week and again in the second week. By the third week, with some hesitation, I finally met him—a charming and inquisitive boy who won my heart immediately. From that moment on, I returned every week, and our relationship blossomed. Some days are filled with games and laughter; other days, we have meaningful conversations about behavior and making good choices. I know that our relationship is having a meaningful impact on his life.

Every time we meet, he fills my heart. Even on challenging days, I am committed to being there for him when he misbehaves. Over time, I have witnessed incredible growth—his attendance has improved, and he is more engaged in class. He's learning to make better choices, and I can see his confidence blossoming. I believe that any difference we make, no matter how small, matters. Showing up for just one hour each week can profoundly impact a child's life, and that's something I wholeheartedly embrace."

A mentor's reflection on making an impact on youth in her community.

## Mentoring Matters

# Financials

July 1, 2023 – June 30, 2024

We are committed to financial responsibility and transparency, ensuring that every dollar is used effectively to serve our community. Our stability and reliability allow us to provide innovative, high-quality programs that address the evolving needs of youth and families.
